

## HIGHT NOW SAYS SWEETIN'S WIFE AIDED IN CRIME

### Mrs. Sweetin Gave Poison Bought By Him To Husband

MOUNT VERNON, Ill. Sept. 22. (AP)—As the midnight hour arrived the lights in the jail here where Mrs. Elsie Sweetin was being questioned regarding the confession made by the Rev. Lawrence M. Hight that he and Mrs. Sweetin had conspired to kill her husband, Wilford Sweetin and Mrs. Hight, were being put out, and the questioning of the woman, begun early in the evening, ended without bringing the prosecuting authorities any closer to finding the missing link in the alleged poison plot.

Late tonight, it was indicated at the sheriff's office that the clergyman held in jail here since last Friday might be removed from this town. While it was said that no direct cause for fearing for his life was at hand, his removal was merely discussed as a precautionary measure. It was reported here that threats had been made against his life in Ina, 12 miles south of here, where he had his charge and where Mrs. Sweetin lives.

At the close of tonight's grilling, State's Attorney Thompson announced that Mrs. Sweetin had denied the accusations made by the minister in his confession, that namely her plot had been inspired by mutual desire to marry. She also denied that she had anything to do with the poisoning of her husband, and denied that she had ever used the kind of poison that was administered her husband.

Mrs. Sweetin was questioned in a basement room of the jail building adjoining the street. Thruout the examination, a crowd stood outside where the words of the prosecuting attorney and the answers of the woman were plainly audible. Unusual interest was being shown by outsiders and it was not until the lights were turned out in the room that the crowd began to disperse.

MOUNT VERNON, Ill. Sept. 22. (AP)—After more than three hours of questioning regarding the circumstances of the death of her husband, Wilford Sweetin, Mrs. Sweetin who was arrested following the confession by the Rev. Lawrence M. Hight, held in connection with the death of Sweetin and his wife, had failed to throw any light on her husband's death, it was announced tonight by State's Attorney Thompson.

Mrs. Sweetin was brought here from her home in Ina, 12 miles south of here this afternoon after the clergyman had told the state's attorney that he had poisoned his wife so he could marry Mrs. Sweetin and that he had bought the poison that was administered to the minister's husband. Mrs. Sweetin, described as a very attractive woman, is the mother of three small boys.

She expressed no surprise when told of the minister's confession, the state's attorney said, and denied that she knew who had given her husband the poison.

In answer to the state's attorney's questions, she insists that none but proper relations had existed between her and the clergyman, but he treated her the same as he did the other women of the congregation, and that the rumors linking her name with that of the minister were unfounded.

While no formal charge had been placed against the woman in connection with her husband's death, she is held on the strength of the minister's confession.

Rev. Hight in jail here since last Friday confessed today, the state's attorney announced, that he had administered the poison to his wife and that it was he who had purchased the poison to be administered to Sweetin. It remains unsolved who gave Sweetin the poison that was found in his stomach by a chemist following the examination of the body on the day the clergyman was taken into custody. The minister's confession came early this morning following an all night vigil in the sheriff's office where the prisoner was questioned by the state's attorney.

Reading in the bible favorite passages of the minister's dead wife, is believed to have prompted the minister to deviate from his otherwise stoical attitude and to make a clean breast of it.

In telling of the circumstances of his wife's death, the state's attorney announced, the clergyman had admitted that he had given her poison so that he could marry Mrs. Sweetin. In his early confession, however, the state's attorney said, the prisoner had asserted he had administered the poison to relieve his wife of her pain.

He had also admitted the state's attorney said, that he had given the poison to Sweetin in a glass of water.

This part of the confession, however, was repudiated late in the afternoon. It was then the minister admitted that he had made that admission in order to

## REPUDIATION OF HIS REPUDIATION MAY BE NEXT STEP BY MEANS

Intimates He Has Additional  
Evidence To Give At  
Hearing

WASHINGTON, Sept. 22. (AP)—Gaston B. Means, star witness of the Daugherty investigation after making a statement repudiating the sensational testimony he gave there, today added a new chapter to the long and colorful story of his connection with the celebrated case by spreading a long trail of mystifying doubts as to whether he was going to stick to his repudiation or in turn repudiate it.

Means tonight apparently had made one of his quiet disappearances. He was variously reported on his way to his home at Concord, N. C., or in seclusion in the well appointed house he maintains on fashionable Sixteenth Street, about a stone's throw from the white house, guarded against questions by his servants, or enroute somewhere for "a conference."

Means' repudiation of his testimony before the Daugherty committee was in a signed statement given out Sunday evening in Columbus, Ohio, by former Attorney General Daugherty in connection with a letter written to John W. Davis, Democratic candidate for president.

Some of it was to the effect that Means' sensational testimony had been suggested to him by Senator Wheeler, the committee prosecutor. The train of events which followed its publication in Washington was swift but mystifying. One inquirer quoted Means as having repudiated and having said that if the Daugherty committee would re-open its hearings, Means would promise something more sensational than anything yet developed.

This inquirer quoted Means as drawing a close distinction between a signed statement and a sworn affidavit.

Makes Two Statements  
To one inquirer Means maintained that he had sworn to no affidavit repudiating his testimony and to another inquirer declared he had not repudiated his signed statement.

The statement given out by Mr. Daugherty was signed but not sworn to.

## NUNGESSER SLAYER ALSO CHARGED WITH MURDER OF ANOTHER

Farm Hand Says Mrs. Nungesser's Former Husband  
Was Killed

EDWARDSVILLE, Sept. 22.—Indictments charging murder in connection with the killing of Robert Kehrl, May 7, 1920, and of John Nungesser, Sept. 15, last, the two husbands of Mrs. Nungesser, were issued today against Emil Fricker, wealthy farmer, by the grand jury in session here. Indictments also charging murder were voted against Weldon Wernli and Jacob Landert.

Three men are charged with having killed Nungesser after plotting against his life. In a confession made after their arrest, Wernli and Landert were reported to have admitted they had promised \$250 for killing Nungesser. Fricker, however, has denied any knowledge of either death.

Most of the evidence upon which the indictment against Fricker was voted in the killing of Kehrl was furnished in a written statement made by Rudolf Kamuf, 65 years old, a farm hand who has been employed by Fricker for many years.

Statement Kamuf asserted he had been sworn to secrecy by Fricker, but that he had decided to tell in order to relieve his conscience.

Kehrl was found dead with a revolver nearby in a field on the Fricker farm which is four miles from Highly. At the time a verdict of suicide was returned by the coroner. Kehrl was killed about a month after marrying the present Mrs. Nungesser who later married the second man, for whose death Fricker has been indicted. According to the Kamuf statement, jealousy caused Fricker to suggest taking the life of Kehrl. Mrs. Nungesser had been employed on the Fricker farm since she was 15 years old. Kamuf's statement read, and had been on intimate terms with the farmer.

After her marriage with Nungesser she remained on the Fricker farm until her husband had made arrangements to take over a farm he had just purchased. He was returning from this farm when he was shot and killed.

Fricker, Landert and Wernli are held without bond. They were arranged here today. Landert pleaded guilty "by force." When Judge J. F. Gilham declined to accept this plea, Wernli who had intended to make a similar plea refused to do so. Fricker pleaded not guilty.

LAFOLETTE UNDECIDED  
ABOUT HIS NEXT SPEECH

Washington, Sept. 22.—Senator Robert M. LaFollette, independent candidate for president returned from New York today undecided when or where he will deliver his next campaign speech.

## RIOT CASES AT HERRIN MAY BE AGAIN DELAYED

### Judge Hartwell Believes Hung Juries Would Be Result

MARION, Ill. Sept. 22.—Hatred, engendered by factionalism blocks the prospects of convicting in the various riot cases now ready for trial in the Williamson county circuit court here, Judge D. T. Hartwell declared. He opened the September term of court here today, empaneled a grand jury to investigate the last six killings in Herrin and suggests to State's Attorney Delos Duty that a "little more time to cool" might be advantageous.

"What did we have last winter?" Judge Hartwell asked, "but hanged jury after hanged jury. Our time is wasted trying for convictions until we arrive at the time when we can consider cases coolly and quietly."

Together with the fact that his mother is dangerously ill, this was taken to indicate that trial of the cases resulting from the bombardment of the Herrin hospital-Feb. 8, last, for which numerous klansmen were indicted might be delayed. However, State's Attorney Duty has made it known that the cases are ready for trial as far as the state is concerned. The first witnesses were heard by the grand jury today. Only one juror asked to be excused and two others in the panel failed to appear. Substitutes were appointed by Sheriff Galligan who declared, "he had given the other side everything."

Indictments that may be returned as a result of the killings in Herrin, August 30, may mount to forty. According to one witness that number participated in the shooting.

Stories of that affair are almost as divergent as there are witnesses. It started when Sheriff Galligan took two anti-klan deputies with him to a klansman's garage to take an automobile that had been seized during the search for the assassins of Glenn Young, former leader of liquor raiders of the Klan at Oakville, when Young was shot in the leg and his wife's eyesight was greatly impaired.

## FRANKS FAMILY SELL HOME FURNISHINGS

CHICAGO, Sept. 22. (AP)—The last act in the tragedy in the death of young Robert Franks, for which his kidnappers and slayers are now serving life sentences in prison, took place today at the palatial home of Jacob Franks, millionaire father of the murdered boy, when the luxurious home was dismantled and its costly furnishings sold to the highest bidder under the auctioneer's hammer.

Mr. Franks explained that the family had disposed of the home and wished to dispose of the furnishings and live in a hotel because the associations of the home were sad and brought only grief to the parents.

The auction was well under way when Mr. Franks announced that the furnishings of the slain boy's room and several of his toys including his radio set, would be withdrawn from the sale. He explained later that it had at first been decided to dispose of everything but that the mother at the last minute could not bear to part with the boy's personal belongings.

## PEORIA AUTO THIEVES CAPTURED BY POLICE

PEORIA, Ill. Sept. 22. (AP)—One bandit, was shot and seriously wounded by police tonight and his accomplices were captured after they had stolen an automobile from in front of a local garage. They are believed to be from St. Louis.

The wounded man gave his name as Charles Green of East St. Louis. The police are trying to connect the three with being members of "Egan's Rats." Two of the men were armed when arrested.

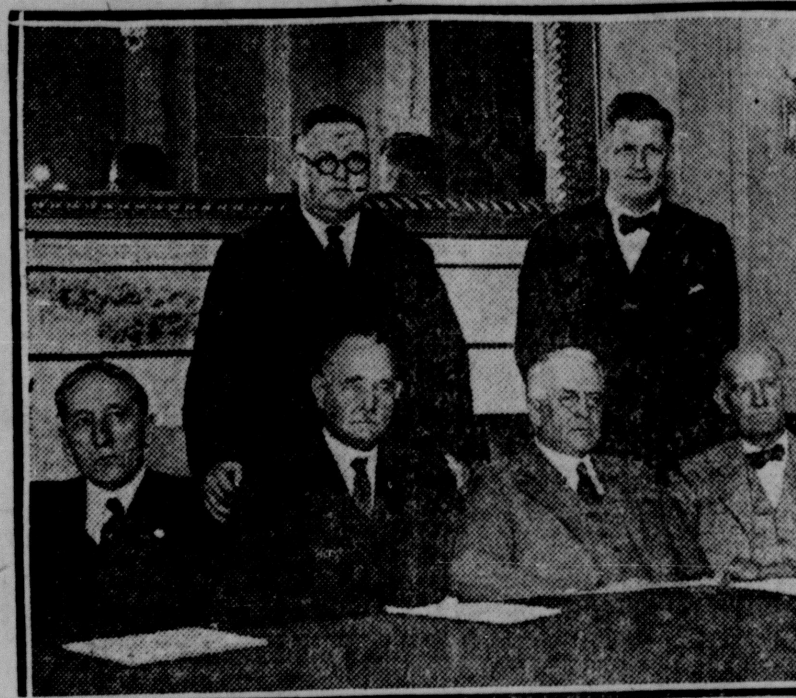

They said they had arrived in Peoria this afternoon on a freight train and were aiming to drive to St. Louis in the stolen car.

The police chased the trio up and down city streets until it appeared they were going to make a getaway. Detectives then opened fire, hitting Green in the back.

IDENTIFICATION BUREAU  
ASKED BY POLICE CHIEFS

Chicago, Sept. 22.—A bill providing for a state bureau of identification and investigation as an assistance to police thruout the state in tracing criminals was drawn up here today at a meeting in the office of Robert E. Crowe, state's attorney and will be presented before the next session of the legislature. The bill was proposed by the Illinois State association for identification, composed of police chiefs of Illinois cities.

This is the senatorial committee that is conducting the investigation into the Treasury Department. Seated, from left to right, are Senators William H. King, Andrius A. Jones, James Couzens, chairman and Richard Ernst. Standing are L. C. Manson and E. J. Davis, attorneys for the committee.

## Fliers Meet Mothers At Rockwell Field

SAN DIEGO, Cal. Sept. 22. (AP)—America's round the world fliers returned today to Rockwell Field, San Diego, from which they took off last March to start on their globe encircling trip.

The fliers arrived ahead of the announced schedule disappointing part of a large crowd which assembled to meet and cheer them, but there was enough of a crowd on hand to make the welcome a real one. The announced plan is for the fliers to resume tomorrow their trip towards Seattle, the official starting point of the flight around the world. They expect to leave for Santa Monica about noon.

At 10:30:48 a. m. Lieutenant Lowell Smith, commander of the squadron, dropped the wheels of his aircraft on the ground of Rockwell Field. Lieutenant Erick Nelson, wing mate of Smith on the entire world voyage brought his ship to the field at 10:35:51, followed by Lieutenant Leight Wade at 10:35:06 o'clock.

Amid the crash of the band the cheers of the spectators and the roar of the propellers as Lieutenant Smith taxied his ship up to the deadline, came a cry from the lips of Mrs. Jasper Smith, mother of the world flight commander, "I want my boy."

From his seat in the forward cockpit, Smith, his grime covered face eagerly scanning the crowd for the sight of those two he loves best saw his mother and father wildly waving tiny American flags to attract his attention.

Despite the triple patrol of bluejackets, marine and cavalry, Col. Frank Lahm, air officer in charge of the ninth corps area who flew here from San Francisco to greet the aviators and Major Fitzgerald had a difficult time fighting their way to the flag draped reviewing stand.

Lieutenants Nelson, Ogden, Harding, Arnold, Wade and Smith the fliers and their mechanics, with their relatives and members of the reception committee, finally were grouped together for the welcome.

## COMMITTEE PRESENTS COMPLETED PROTOCOL TO LEAGUE MEMBERS

If Ratified America, Tho  
Not Member, Will Get  
Invitation

GENEVA, Sept. 22. (AP)—If three or four of the great powers—Great Britain, France, Italy, Japan—which have permanent seats on the council of the league of nations and ten other state members of the league ratify the protocol of arbitration and security which was made public today there will open at Geneva on June 15, 1925, a great international conference for the reduction of armaments.

The United States like Germany, Russia and other non-members of the league has been invited to participate in the conference, the program of which will be prepared under the direction of the council of the league. The long awaited protocol draft was presented today officially to the commission on disarmament by the "big twelve" composing the sub-committee and speeches were made by Dr. Edouard Benes, of Czechoslovakia, Arthur Henderson, Great Britain, Signor Schanzer, Italy, M. Boncour, France, and M. Poinlet, Belgium.

The protocol provides a plan of arbitration for disputes of whatever nature; it also provides securities for countries like France and Belgium by authorizing regional accords, stipulating that they must be open covenants and quite definitely arranges for a conference for the reduction of armaments.

From the standpoint of interest for Americans, two clauses stand out prominently. One permits states, non-members of the league to adhere to the protocol of arbitration and security. This clause serves as a corollary to Article 17 of the covenant whereby non-member states are permitted temporarily to assume the obligations of membership in the league in case of dispute with league members and submit their case to inquiry by the council.

Mrs. Louis Eekman of Winchester spent Monday in the city.

## WHEELER MAKES REPLY TO MEANS RECENT CHARGE

### Says Daugherty Gives Him Too Much Credit in Affair

BLOOMINGTON, Ill. Sept. 22. (AP)—Dropping for the time being all other campaign issues, Senator Wheeler, independent candidate for vice president seized as material today the just published letter of former Attorney General Daugherty to John W. Davis, Democratic presidential nominee, and the statement of Gaston B. Means, dealing in these documents, with the senate investigation of Mr. Daugherty. The candidate sought for new thunder to back his repeated allegation of corruption in the Republican national administration.

His audience at night which heard him loose the attack was the first encountered on his tour in which farmers predominated. After many days of talking to city dwellers, and industrial workers, he found himself at last in territory where the strength the county side is claimed by the LaFollette boosters.

The correspondence, he said jeeringly as he began, all conveyed the idea, "that I, a new senator from Montana, had been able to frame the attorney general of the United States as well as W. J. Burns, the great international detective and the whole Republican administration so successfully that the silent cautious man in the white house was forced unwillingly by aroused public opinion, to oust Harry Daugherty from office."

That was giving to himself and Senator Brookhart, Republican, Iowa, another member of the investigating committee, entirely too much credit.

He described Gaston B. Means, whose affidavit said Senator Wheeler had coached witnesses to give false evidence as "the trusted employe of Burns and the associate of Daugherty," and gave the substance of several conversations he said he held lately with the man.

Means told him the endeavors were being made to get him to repudiate his original story of bribe taking. Senator Wheeler said, and professed now to be in possession of "important new documentary evidence," which he desired to bring to the resumed hearings of the investigating committee.

"What the people wanted was your testimony under oath, Mr. Daugherty," he ejaculated, letting Means drop.

"At the time we asked you to come before the committee you were not afraid to tell the truth by the former senator from Iowa (Senator Brookhart) and myself, were you? You should have given your statements."

"We can't cross-examine you thru the newspapers."

## RAIL LABOR BOARD TO CONDUCT ELECTION

CHICAGO, Sept. 22. (AP)—For the first time in its history the United States Railroad Labor Board is to conduct an election among the employees of a railroad system to determine who in the eyes of the board, may legally represent the employees in a dispute before the board.

This step was taken today in the controversy between the telegraphers and the management of the Pennsylvania railroad. Hitherto the board has always left the question of representation to the decision of the parties involved, but in an effort to settle the long standing contest as to representation in disputes over wages and rules on the Pennsylvania Lines the board decided to directly oversee the election ordered today.

Within a few days the board will issue a ruling setting forth the methods for the election to be held and will assign a representative, probably a member of the board to direct its operation.

## JAPS MAY ATTEMPT FLIGHT ROUND WORLD

TOKIO, Sept. 23. (AP)—The Imperial Aviation Society has announced plans for flights by Japanese aviators across the Pacific Ocean and from Japan to London, and possibly around the world for next year. Yakitsuna Sanada, now residing at Oakland, Calif., will attempt the flight from the Pacific Coast of North America via Hawaii and Midway Island to Japan in May, 1925, according to the society.

The flight from Tokyo to London, which will be made via India and may be extended to around the world trip, will start in the spring. The cost of the flights, estimated at half a million Yen, will be raised by public subscription. The party will include the ablest army and civilian fliers, who will be supplied with specially constructed machines.

## REPRESENTATIVE WHO GAVE "CIDER PARTY" MAY ANSWER CHARGES

Dared Prohibition Authorities  
To Bring Suit  
Against Him

WASHINGTON, Sept. 22. (AP)—Prohibition Commissioner Hayes in a formal statement late today, declared there could be no doubt that Representative John Phillip Hill of Baltimore, had violated the prohibition statutes in making cider which he recently announced had an alcoholic strength of 2.75 percent, challenging the commissioner to prosecute him.

Mr. Hayes said a definite course of action had been agreed upon between prohibition authorities and the department of justice. Neither Mr. Hayes nor the department of justice, however would discuss what course would be followed.

Mr. Hill who has been endeavoring to obtain an authoritative ruling on home made 2.75 percent fruit juices, in announcing his "cider party" for last Saturday, declared that "anybody who wants to help me to force prohibition Commissioner Hayes to testify for 2.75 percent beer and is willing to take a chance of arrest, is invited to inspect and try a glass of the cider, which he made from apples grown on his property. He challenged the prohibition commissioner to have him arrested or concede that his contentions were justified.

The party, which was attended by about 1,000 guests, was not molested, and today's statement by Commissioner Hayes was the first indication given since that action was contemplated. It was issued, he said, in reply to numerous requests for some expression concerning the Hill case.

"The prohibition unit," it stated, "has at all times kept in close touch with the activities of Representative John Phillip Hill in the manufacture of wine and cider in his home. Samples of both were taken and tested and analyzed at the time of their manufacture and deposited with the department of justice for evidence."

"In each instance definite and aggressive action has been advised the character of which I am not yet at liberty to speak. That Mr. Hill has violated the statute there can be no doubt."

## PRESIDENT COOLIDGE WORKS ON SPEECHES FOR COMING EVENTS

Has Four Special Engagements  
The Next Two Weeks

WASHINGTON, Sept. 22. (AP)—President Coolidge gave some attention today to the preparation of speeches, four of which are on his program to be delivered in the next two weeks.

Wednesday, the president will address the delegates to a convention of retail druggists here, and Thursday afternoon he will go to Philadelphia to speak that night. On October 4, he will dedicate the monument to the first division here and two days later will open the annual meeting of the American Red Cross.

Considerable interest was shown at the white house today in the statement of John Sargo, of Bennington, Vermont, former Social list party leader that the foreign and economic demanded retention of the present administration in office.

Mr. Spargo who left the Socialist party in 1917, called on the president today. Additional reports of bright political prospects for the Republicans in New England were presented to Mr. Coolidge by Frederick H. Gillett, speaker of the house and candidate for Senator in Massachusetts, and Senator Willis of Ohio, and Representative Derron of Pennsylvania who have just completed visits in the section.

## GALESBURG MAN KILLED BY TRAIN

Galesburg, Ill. Sept. 22.—John W. Berry, 60 of Kewanee, Ill., was killed and E. A. Sorenson, 32, his son in law of Abingdon, near here, was seriously hurt when the automobile in which they were riding was struck by Burlington train number 10 at a crossing in Abingdon this morning. The car stalled on the tracks in front of the train and the men were struck before they made their escape.

## KEOKUK BURGLARS GET VALUABLE LOOT

Keokuk, Iowa, Sept. 22.—Diamonds, watches and jewelry valued at between \$7,000 and \$12,000 were stolen last night from the safe of Odell's Jewelry store here. The robbery was committed between 9 and 10:30 p. m. The robbers gained an entrance to the store through a rear window.

## AMERICAN KILLED BY MEXICAN BANDITS

Washington, Sept. 22.—Property owned by E. W. Graves of Waltham, Mass., was attacked Saturday by Mexican bandits or rebels and Paul Anspide, an American was killed, the state department was informed today by Vice Consul Ott at Frontera, Mexico.

## MINNESOTA AND WISCONSIN HIT HARD BY STORM

### Death Toll Will Probably Reach More Than Three Score

(By The Associated Press)  
Mounting thru the day as new reports came in the death toll of Sunday's storms in Minnesota and Wisconsin stood Monday night at three score persons, with sections of the latter state bearing the brunt of the grim burden.

Known dead in Wisconsin had reached 53 last night, while Minnesota's total remained at five, but the continued isolation of many Wisconsin communities caused the fear that the list in that state might be further increased.

Patchwork wires permitted only meager delays to trickle out of the devastated countryside in sections of Central and Northern Wisconsin, gradually swelling the list of casualties and sending into high figures the estimates of monetary damage.

Besides the many dead, perhaps an equal number suffered injuries requiring attention, for from the Thorp-Owen district alone 25 seriously injured persons were sent to hospitals principally at Chippewa Falls, Stanley and Owen, Wis.

Agencies of aid directed their energies all day to the work of relief; counting the toll taken by the late season storm giving surgical attention to the many injured, and finding shelter for those made homeless.

It was in Wisconsin around Thorp and Owen that the heavy burden fell, for there the storm with its wire communication with the stricken parts and automobile courier found their progress impeded by tree strewn highways and occasional washouts.

Violent wind and rain storms prevailed generally over Wisconsin, Minnesota and the Dakotas, and extended southward into Northern Iowa, the entire district doing damage to trees, some corn crops, and wire communication.

Around St. Paul, the wind attained a velocity of eighty miles an hour and the result was seen in streets blocked by uprooted trees, fences and signboards toppled over and hundreds of windows caved in.

In the Thorp region in Wisconsin, an area seven miles southwest of that town was swept clean in many spots over a width of 300 to 400 feet. More than fifty farms were in the storm's path there.

Flattened barns, razed houses and shattered outbuildings on numerous farms readily explained the heavy loss of life but in many instances there were narrow escapes from the crushing grip of the storm.

In South Dakota, Watertown reported heavy property damage to the section south and east of that city, including the destruction of several buildings in Clear Lake and on nearby farms.

## EVIDENCE IS FOUND TO FREE YOUNG GRANT

CHICAGO, Sept. 22. (AP)—New evidence which may not only lift the death sentence from young Bernard Grant but win his freedom is in the hands of Thomas E. Swanson, Grant's attorney, the lawyer announced today. Grant, with Walter Krauser had been sentenced to hang Oct. 17, for the slaying of a policeman during a holdup. Grant a few days ago was given a 90 day reprieve by Governor Small after thousands of appeals had been received, interest in his case having been awakened by the life sentences given Nathan Leopold and Richard Loeb, and after Krauser had repudiated a confession naming Grant as his accomplice. Krauser's case is now before the supreme court. Grant was denied an appeal by the high court.

The new evidence consists, Attorney Swanson said, of the name of the real person who was with Krauser in the holdup.

"I have this person's name," Mr. Swanson said.

Mr. Swanson said he also had evidence tending to prove Grant's innocence.

## "HUMMERS" BACK ON C. &amp; A. Card

The action of the Chicago and Alton railroad in restoring the Hummer trains on the card soon to come into effect is indicative of the desire of the management to meet the wishes of the people of Jacksonville just as far as possible. When the Hummers were taken off protests were immediately filed and road management gave courteous consideration to the situation and made it very clear that an honest effort would be made to meet the needs of Jacksonville.

The officers of a railroad must first of all operate on a profitable basis and therefore cannot always give to each community the service citizens there think necessary. But thru the years the management of the C. & A. has shown a friendly spirit and has

made an effort to make traffic conditions as desirable as possible.

The restoration of the Hummers is by no means the only indication that the management of the road has given of a desire to carry out the wishes of the people of Jacksonville just so far as compatible with good business judgment.

## TELEPHONE FAILINGS

"The telephone operator is often blamed by patrons," says an editor, "but the operator is an expert and is more apt to speak correctly than the individual who grabs up the instrument excitedly and jabbers instead of speaking softly, distinctly and carefully. The Eleventh Commandment might be, 'Remember thine own shortcomings.'"

There is more truth than poetry in this testimonial to the long-suffering exchange girl. Despite her occasional lapses from perfection, she is, indeed, usually an "expert" in her line. Patrons could benefit greatly by observing and imitating her careful enunciation, her directness, her brevity and attention to business and her ability to get the most effective use out of a telephone instrument. Many an operator can communicate over a wire more clearly in a whisper than some subscribers do by shouting.

When all's said, however, the most admirable characteristic of the typical telephone operator is her patience with a careless, impatient and exasperating public. When she is treated as intelligently and courteously as she

## THE CONSUMER'S LEAGUE

This national organization is perhaps little known among the majority of people who it has been heard of from time to time. In a few weeks the league will hold a jubilee convention in New York City, celebrating its 25th anniversary. The organization has been devoted to securing through legislative enactment and court decisions, more equitable working conditions and hours of labor for the workers of America.

The League is responsible for many of the minimum wage laws for women, the prevention of much child labor, and the shortening of hours for all classes of workers, including those who come to our shores from foreign countries.

The National Consumers' League has endeavored to bring the goods used by its members up to certain standards, not so much in quality as in manner of production. There is in its ranks a dread of the sweat shop and a feeling of aversion to the use of those articles manufactured under unfair working conditions. This, it would seem, is the right method of approach to the labor problem. It throws the responsibility of securing better conditions from the workmen themselves to the great mass of people who use the goods. If workers in all lines of industry knew that the consuming public would see to it that they had fair treatment, living wages and right conditions of labor, strikes and the more hurtful forms of labor trouble might be eliminated.

**PLEDGES FOR DRIVERS**

A Boston automobile club has prepared 12 "I wills" and "I will nots" to be pondered daily by its members for the purpose of promoting safety of streets and highways. They are:

I will not cut in.  
I will not pass another car on a curve where there is not a clear road ahead.  
I will not speed up to pass another car where there is not a clear road ahead for at least 100 yards.

another car where there is not a clear road ahead for at least 100 yards.

I will slow up at corners and on thoroughfares where children are playing in the streets.

I will stop eight feet or more to the right of a street car leaving passengers and never attempt to pass on the left.

I will not be a road hog and will drive on the right side of the street.

I will not pass another car at high speed at intersecting streets nor race another car while attempting to pass legitimately.

I will avoid jay-walking and will not cross streets after the stop signal is given by the traffic officer.

I will observe traffic rules and will not abuse the parking privileges, nor park my car on highways except where there is a clear view ahead and behind for at least 100 yards.

I will keep my brakes in good condition, realizing that a driver is only as good as his brakes.

I will not drive a car when under the influence of liquor. One drink is too many for the driver.

Some of these pledges seem so simple as not to need repeating. Yet it is obvious from the country's huge list of motor deaths that they do need repeating day after day. Courtesy and common sense, combined with willingness to abide by traffic regulations, are really the whole story in achieving automobile safety.

**SUGGEST YEAR-ROUND USE OF FAIR GROUND**

A suggestion has come from those in charge of making Jacksonville's city plan that may eventually create on the county fair grounds a place of gathering and amusement that can be used fifty-two weeks in the year, instead of only one week. The city planners and the Commission with which they are working fully recognize the need of an auditorium or coliseum for Jacksonville. It is thought that this might be erected on the fair grounds and made large enough to accommodate races, auto shows, great convention, the exhibition show of the county fair, athletic contests, etc.

The idea would be to build a sort of stadium which would give ample room for indoor, as well as outdoor amusement. The center field of the race track would be a drill and athletic field, and the track would be so arranged with encircling amphitheaters, etc., that not only the races for the fair would be held there, but also many racing matinees and other big public events.

The City Plan Commission is looking favorably on this project, and it may become a part of the city plan. Meanwhile, it is desired to know what the people think of the idea, which, the novel, might solve the problem of a coliseum, recognized to be one of the city's long felt wants.

**SPARE TIRE STOLEN FROM REAR OF AUTO**

When Mr. and Mrs. H. E. Brown returned from a trip in their car late Saturday evening they left it standing in front of their home at 315 North East St. When Mr. Brown returned to his machine about 11:30 o'clock he found that someone had taken a brand new spare tire from the rear of the car. The thieves had broken the lock which held the rim in place and had made their getaway with the loot.

ENTIRELY NEW THIS SEASON

## DO LOAFERS DIE YOUNG?

BY ALBERT APPLE

The old saying, "hard work never killed any one," is disproved by Dr. Raymond Pearl of Johns Hopkins University.

It stands to reason. A machine is capable of just so much work before it becomes worn out. A machine lasts longer, if it is used only occasionally, than if it runs day after day.

And the body is a machine. Up to the age of 40 ("it appears very difficult to kill a man by physical hard work," occupational and industrial hazards being excluded from consideration, Dr. Pearl reports.

But after 40, hard work begins to shorten life.

That's why a man should make hay while the sun of youth shines. The bulk of his hard effort should come before he leaves his thirties behind.

At 40, it is not time to take a back seat. But it is time to play the game less strenuously, and to rest more.

Whether or not a man is able to do so, depends to considerable extent on whether he wasted his twenties and frittered away his thirties.

Henry Ford isn't the only wise old owl who believes that most people cannot expect to accomplish much until they are 40 or possibly this is true of the actual accomplishments. But the efforts that flower into accomplishments can take place in early manhood.

The seed planted in the twenties and thirties sprouts in the forties and bears its best fruit in the fifties and later.

Hard work does not wear out a man as quickly when he works outdoors. Dr. Pearl finds. This applies to men who do hard physical work indoors, quite as well as to men who work sitting in a chair or standing behind a counter.

The natural life is outdoors in the fresh air and sunshine. An indoor worker can get considerable of these in his spare moments, and they form the real fountain of youth.

Death comes when the body-machine is worn out, just as an auto is ready for the scrap heap after it has done so many miles.

**MRS. BELL ABRAM HURT WHEN CAR OVERTURNS**

Car Containing Three Jacksonville People Turns Over Injuring Two.

Mrs. Bell Abram of this city, sustained a broken collar bone and other bruises, yesterday afternoon, about 2 o'clock, when an automobile in which she was riding, turned over on the road about one half mile west of Merrill.

Mrs. C. C. Carter, 847 S. Main street, who was occupying the rear seat of the car, together with Mrs. Abram, suffered a severe shaking up, while her husband escaped uninjured.

Mr. Carter was driving the car and had just met another car and was crossing over to the other side of the road. In some way the car ran into a grade at the side of the road and with a turn of the wheel it toppled over onto its side. Mr. Carter stated that he was practically out of the car by the time it fell over, but Mrs. Abram was thrown against a bow, supporting the top, breaking her collar bone. Mrs. Carter suffered a painful wrench of one leg.

The car was turned back up onto its wheels, and Mrs. Abram was brought to Passavant hospital where her injuries were attended by Dr. Carl E. Black.

Mr. Carter stated that he was driving at a very moderate rate of speed and that the automobile was entirely uninjured.

## LET CONTRACT FOR ADDITION TO CHURCH

S. G. Chumley to Erect \$40,000 Sunday School Plant for State Street Congregation—To Start Work Soon.

The contract for a thoroughly modern and up to date Sunday School plant for State Street Presbyterian church has been awarded to S. G. Chumley, local contractor and builder. Announcement of the award was made at the Sunday morning service by the pastor, Rev. W. H. Marbach. The contract was signed late Saturday afternoon, and all arrangements are complete for Mr. Chumley to begin work this week.

The contract calls for an expenditure of practically \$40,000 in the remodeling of the present structure north of the main church auditorium and the construction of an addition to the north. There are also included in the contract complete new heating and electric wiring systems for the entire building.

The structure north of the auditorium will be practically new throughout. It will be a two story brick addition, extending fifty feet to the north and occupying the full width of the church, sixty feet east and west. The exterior style will be as nearly as possible that of the present building in order that the whole may be uniform in design and appearance.

In the basement will be located a spacious dining hall, 50 by 40 feet in dimensions. The kitchen will be 16 by 34 feet, and will be equipped in the most modern way.

On the first or main floor will be located a large assembly room 50 by 25 feet. The Ladies' Aid will have a special room on this floor 21 by 26 feet, and will also have the use of a large room under the organ loft for storage purposes. There will also be a kitchenette for the use of the Aid on its social occasions and to make it convenient for small social groups to serve refreshments. Four good-sized class rooms complete the plan of the main floor. The entire space may be thrown into one large room by the manipulation of folding partitions which will separate the various compartments.

The second floor will be devoted largely to the use of the primary and beginners' department.

**BAPTISTS WANT 500 AT SERVICE SUNDAY**

First Church Here to Have Big Day September 28—Large Student Class Started—Laymen to Conduct Church Worship.

Next Sunday will be a big day at First Baptist church in this city. It has been set as rally day and promotion day in the Sunday school and as Laymen's Sunday in the church. The goal of Sunday School attendance for the day has been set at five hundred, and it is thought that with fair weather prevailing, this will be easily achieved. Each class is being organized to get out its full membership and bring in additional guests for the service. A brief special program is being arranged for the adult departments and promotional exercises will be held in the other divisions of the schools.

At the morning service the pastor, Rev. A. P. Howells, has arranged for the men of the Baracca Bible class to have charge. The men will arrange the program in accordance with Laymen's Sunday, which is to be observed throughout the northern branch of the denomination.

On last Sunday the boys' class from the Carlville Baptist Sunday school taught by Ralph Wheeler, visited the local Sunday school. The opening exercises were in charge of the boys' class taught by R. L. Dumas, with Mr. Dumas presiding. The visit of the Carlville class was in return for one paid them some weeks ago by the local boys and their teacher. At the service Sunday, Mr. Wheeler led in prayer. Miss Margaret Williamson gave a vocal number, and Harold Rabjohns read the scripture lesson.

The Baptist Student class held its first session last Sunday morning, with more than twenty in attendance. Students from Illinois College, Illinois Woman's College and Brown's Business College are cordially invited to attend this class at 9:30 each Sunday morning. It is hoped to have a class of at least fifty in regular attendance when things are in full swing.

The B. Y. P. U. members are planning for the annual student social, which will be held at the church next Thursday evening. An interesting program of games and stunts is being worked out, and students are invited to come and get acquainted.

**TO STUDY IN CHICAGO**

Dr. Loren Scheffeld, who has been spending the summer as a medical student under the direction of Dr. F. A. Norris left Sunday for Chicago where he will enter the medical school of Chicago University.

**RETURN FROM VISIT**

Mr. and Mrs. Austin Cockerill and daughter, Catherine Marie, Mrs. Mary Cockerill, Mrs. Ruth Fowler and daughter, Dorothy and Mrs. J. T. Hanson have returned to the city after a week's visit with relatives and friends in Keokuk, Iowa, Plymouth, Decorah and Springfield, Ill.

**THE BIG DANCE AUTO INN TONIGHT**

**TO VISIT DENVER**

Jacob L. Strawn left recently for Denver, Col., where he will visit for an indefinite period. He is making the trip primarily for the improvement of his health.

**NOTICE TO WATER CONSUMERS**

Water will be shut off today on West College avenue from Diamond Street to Park street and on Westminster street from Grove to West College Ave., and on Grove street from Diamond to Park streets, from 8 a. m. to 12 o'clock noon.

W. H. COBB, Water Superintendent.

## DENEEN HEARD BY WHITE HALL PEOPLE

Ex-governor Charles S. Deneen spoke at White Hall Saturday afternoon—Other White Hall News.

White Hall, Sept. 22.—Former Governor Deneen made a stop at White Hall Saturday afternoon on his way from Carrollton to Winchester, and spoke for twenty minutes at the corner of Main and Sherman streets to a very large gathering, considering the few minutes that intervened from the time Mr. Deneen made the decision to stop here while at Carrollton during the noon hour. He spoke impressively, reviewing the achievements of the republican party during a lit-

tle more than three years, and did not attack the democratic party, as that party is not in power, nor did he attack the LaFollette party, for that party has never been in power. He made a comparison of the achievements of the United States with those of the League of Nations in the promotion of world peace, showing the latter to be puny by comparison.

Mr. Deneen and party arrived shortly after 1:30 o'clock, and were impressed to see the display of the American flag all along the main thoroughfare. It was only a little earlier than 1 o'clock that word came from Carrollton that he would stop, and this found the work of installing the American Legion practically completed. The word called for prompt effort to make the first display of the new system, and it proved to be highly impressive.

Riding a giraffe is not a job for a nervous man.

But there is a way that you may get stronger your body that the nervous system will be cushioned on sound muscles and flesh. But this condition will not come about unless you have rich red-blood-cells. Red-blood-cells are the most important thing in all the world to each of us. More red-blood-cells! That's what you need when your nerves give away and you cannot control yourself.

S.S.S. will prove to you its "Why" and "How" reason. Since 1826 S.S.S. has helped thousands. Because S.S.S. does build blood power, it builds you up when you are run-down, clears the system of blood impurities, routs so-called skin disorders and stops rheumatism, too.

This is why S.S.S. is accepted as the greatest of all blood purifiers, blood builders and system strengtheners. Start taking S.S.S. today. Its medicinal ingredients are purely vegetable. Your nerves will become stronger, you will have more energy, vitality and vigor and a more up and going appearance.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

## WINCHESTER MAN IS BURNED BY ACID DRINK

James B. Davis Drinks Battery Acid Which He Mistakes for Water Severely Burning Mouth and Throat

Winchester, Sept. 22.—James B. Davis, residing west of the city sustained severe injuries to his mouth and throat last Saturday in Pittsfield, when he mistook an acid for water and took a drink from a pitcher sitting in a garage.

Mr. Davis had stopped in the garage for some work on his car and being thirsty saw a pitcher of what he supposed to be water and took a drink. He immediately realized his mistake when his mouth and throat

## COULDN'T RAISE HAND HE WAS SO HELPLESS

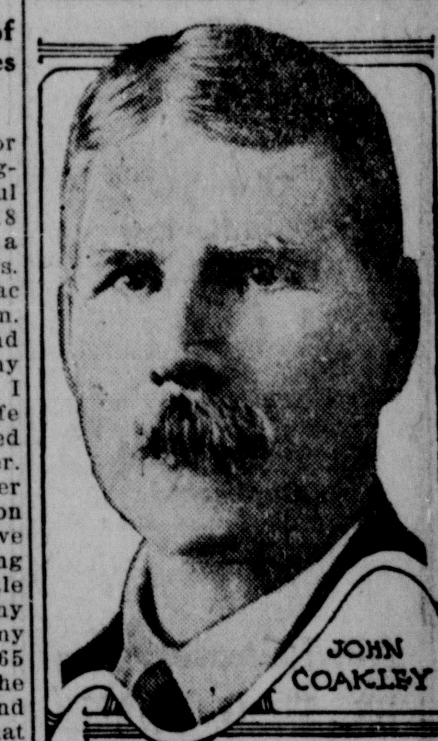

But Tanlac Relieved Him of His Troubles, Declares John Coakley.

"After all Tanlac has done for me I will sing its praise the longest day I live," is the grateful statement of John Coakley, 518 Spies Ave., Menominee, Mich., a resident of this place for 50 years.

"When I began taking Tanlac I was helpless from rheumatism. I couldn't raise either hand and had to have help to put on my clothes and get up when down. I couldn't eat or sleep and my wife and children were downhearted thinking my time was about over."

"My wife wrote a Mrs. Miller in Milwaukee about my condition and the reply came back: 'Give him Tanlac.' So I began taking Tanlac and after my fifth bottle I was able to get back to my work. And in seven months my weight increased from 128 to 165 lbs. and my troubles were in the past. I am feeling fine now and I want the world to know that Tanlac is what did it. Anyone wishing to verify this statement just call on or write John Coakley, 518 Spies Ave., Menominee, Michigan."

Tanlac is for sale by all good druggists. Accept no substitute.

Over 40 million bottles sold.

## HIGHT NOW SAYS SWEETING'S WIFE AIDED IN CRIME

(Continued From Page One)

shield Mrs. Sweeting, and it was then he admitted the purpose of poisoning his wife.

In the meantime a third death entered into the investigation, that of a high school girl of Centerville, Ill., who, it is said, died of ptomaine poisoning three years ago. This was the cause of the deaths of Mrs. Hight and Sweeting, as found originally by the coroner. A picture of this girl was found in the clergyman's home at Ina, but he insists that he did not recall the girl's name.

A brother of the state's attorney has been sent to Centerville to conduct his investigation.

Feeling against the minister it was reported late today was stirred and this prompted the sheriff to wear in special deputies for the protection of the prisoner.

In the waning hours of the night State's Attorney Thompson who until then had vainly tried to elicit from the prisoner any admission began reading passages from the bible, ones that the prisoner had frequently used in the pulpit.

"Would it not be possible, that in a moment of temporary insanity and seeing your wife in terrible pain you thought to relieve this suffering by giving her poison to end her misery?" the state's attorney asked.

Then the minister faltered plainly, he hesitated, and finally requested to be left alone with the state's attorney. The first confession then followed.

The confession of the minister was characterized tonight by the state's attorney as a "triumph for religion."

He referred to the part the Rev. C. C. Hall, district superintendent of the Methodist Episcopal church, played in obtaining the supplemental confession which is considered the truth by the state's attorney.

Rev. Hall called on the prisoner in his cell today asking that he surrender his credentials as minister. The prisoner at first declined to surrender the documents he later told his superintendent where the credentials could be found.

The matter will be brought before the Southern Illinois conference at Carbondale, where the conference meets tomorrow, and it is expected that the conference will act officially on the recalling of the prisoner's credentials.

## WOODSON RESIDENT IS CALLED BY DEATH

G. D. Crain Passes Away at Home Monday Night After Long Illness—Funeral to Be Announced

George Dallas Crain, for 51 years a resident of the Woodson community, died at 9:40 o'clock last night at his home in Woodson, following an illness of nearly two years. Mr. Crain was a well known farmer and leaves a wide circle of friends and neighbors to mourn his loss. He was a member of Woodson lodge I. O. O. F. and of the Court of Honor. He was also a faithful member of the Woodson Christian church.

Deceased was born in Spencer, Tenn., June 18, 1851, a son of Jeremiah and Zillah Phillip Crain. He was married to Miss Sarah McAllister at Woodson Nov. 5, 1876. He is survived by one wife, one son, N. H. Crain and one daughter, Mrs. H. D. Sheppard. One daughter, Mrs. Geneva Vasey, preceded her father in death.

The deceased also leaves four brothers, all residing in Tennessee: Bether, Henry, J. C. and J. A. Crain. Two sisters, Mrs. Mary Madwell and Mrs. Margaret Troglan, preceded him in death. Funeral arrangements have not yet been made but will be announced later.

## DAVIS AND M'ADOO MEET IN CONFERENCE

NEW YORK, Sept. 22.—John W. Davis, the Democratic presidential nominee, and William G. McAdoo, former treasury secretary who made a determined fight for the presidential nomination have an engagement for a conference tomorrow at Mr. Davis' personal headquarters here. The engagement was made after the arrival here of Mr. McAdoo from Europe today.

Before hand Mr. McAdoo sent over to the Davis headquarters from his hotel to obtain copies of all the nominees set speeches including his address of acceptance.

Mr. McAdoo has been in Europe for two months and he decides to familiarize himself with what Mr. Davis has said on the issues of the day before he himself starts out to speak in behalf of the candidate during his trip across the continent enroute to his home in California.

## AUGUST TEMPERATURE WAS ABOVE NORMAL

SPRINGFIELD, Ill. (AP).—The general impression that prevails throughout Illinois that August was a cool month is erroneous, according to Clarence Root, meteorologist in charge of the office of the United States weather bureau, here.

"The average person will think of last August as a cool month," Mr. Root said, "but it is not. Figures from different parts of the state show the average temperature for the month was above normal and in the vicinity of Springfield it was nine-tenths of a degree above normal."

"There is a psychological reason for this. A person retains a vivid impression of a condition that is not normal or is extraordinary. There were a number of very cool days during last month and people noticed these. They did not notice the hot days because heat is expected in August. As a result, when the month had ended the impression of the cool days remained and the hot days were forgotten."

Though complete weather reports for the state of Illinois have not been completed by the bureau, record rainfall for a 24 hour period was announced that the state record was almost equalled at Galva, Ill., on August 18 and 19. The precipitation at this place totalled 9.15 inches during the 24 hours. The state record is 10.25 inches of rain in 24 hours and was made at LaHarpe, June 10, 1905.

Unusual conditions prevailed in the section of Illinois from Rock Island southeast to a point beyond Champaign. In this belt exceptionally heavy rains were recorded on August 19 and 20. Precipitation at a number of towns according to official figures were: Henry, 4.50 inches; Minonk, 4.80 inches; Bloomington, 6.48 inches; Urbana, 44.12 and Hoopeston, 4.05 inches.

## RULES LAID DOWN TO PREVENT ROBBERIES

CHICAGO, Ill. (AP).—Suggestions to Illinois bankers, designed to aid them in combating the menace of bank robberies, have been sent to all members of the Illinois Bankers association by J. L. Schlener of the protective department.

The list follows:  
"Don't leave one person alone in the bank at any time. It is safer to close the bank at noon and all go to lunch."

"Don't leave your vault door open unless you shoot the bolt and throw the combination. It's a wise man who profits by the experience of others—it may be your turn next. Do you want to be locked in the vault?"

"Don't have all your money out on the counter. Keep reserve locked under combination and time lock at all times."

"Don't do business on payroll days without extra guards."

"Don't expect your bank to be immune from attack. Be prepared all the time."

**BEER AND DISHWATER TO BALLAST ZR-3**

Friedrichshafen. (AP).—Beer will make up part of the ballast of the ZR-3 on her flight to America. There will be several kegs taken aboard for members of the crew, who have their quarters mid-ships in the big dirigible, and there will be bottled beer for the officers in the passenger car just under the airship's nose.

Beer is served regularly to the crew on all German ships at sea, and in the army and navy as well, where it is considered part of the daily ration. There will, however, be no violation of the Volstead here will be

act as the beer taken from here will be consumed before the ship reaches the 12 mile limit off American shores. The kegs and empty bottles will be kept aboard as ballast, for nothing will be thrown overboard during the voyage.

It is necessary to retain everything possible to help the ship keep its original weight. Even the dish water from the kitchen empties into a tank, and will be kept until the good ship pokes her nose into Lakehurst and ties herself up at a big naval mast.

**FALLS DEAD ON WAY TO HELP ANOTHER**

Aurora, Ill., Sept. 22.—August Osterlund, 18, Naperville, Ill., fell dead yesterday as he ran to a quarry into which James Kaufman of Chicago had fallen and disappeared from sight. Kaufman did not reappear. His body was recovered today. Kaufman was walking along the edge of the quarry when he slipped and fell down a sheer height of rock into 50 feet of water.

**SUSPECT HILD FOR MURDER OF POLICE**

Cleveland, O. Sept. 23.—Police tonight were questioning Harry Bayes, alias Carl Miller, 26, in connection with the killing of two Terre Haute, Ind., or Paris, Ill., policemen in 1921. He was taken into custody on information given by a girl here and denies the charges. The authorities have wired the towns for information.

## LOCAL A. P. MEMBERS RETURN FROM MEET

Attend Convention in Peoria Sunday—J. L. Pine Is Named Director of Organization

W. H. DeShara, J. L. Pine and W. A. Westrope have returned to the city after attending a meeting of The Associated Press Good-Fellowship club which was held in Peoria Sunday.

The Associated Press Good-Fellowship club is composed of telegraph operators, and executives of The Associated Press, telegraph editors of newspapers and wire chiefs of the telephone and telegraph companies.

The members were the guests of Carl P. Slane, publisher of the Peoria Journal-Transcript and the Association of Commerce convention bureau.

During the business session which was held in the Association of Commerce rooms, Milton Garges of New York, head of the traffic department of The Associated Press, told the men about what The Associated Press was doing for its operators and what it expected to do in the future.

Present each operator is given an insurance policy of \$500 when he enters the service. This insurance increases \$200 per year, so that when an operator has been in the service 25 years his policy will be \$5,000. Mr. Garges said that he was working on a plan to have this policy made \$10,000 after 25 years service.

The banquet was held at the Peoria Country club. After dinner, George W. Barrette, associate editor of the Journal-Transcript who presided as toastmaster, introduced M. J. Finn, manager of the Association of Commerce convention bureau who welcomed the visiting telegraphers and newspaper men.

Frederick A. Stowe, editor-in-chief of the Journal-Transcript, spoke on the relationship between the wire men and the news department, paying tribute to the fidelity and care exercised by the men who send and transmit news over the 100,000 miles of leased wires under Associated Press control in the United States and the thousands of miles covering other continents.

**Richard Bradley Speaks**  
Richard Bradley, Peoria humorist, entertained the visitors with characteristic stories, a sermon on good-fellowship, and some sound philosophy regarding the daily job of the newspaper man. He spoke glowingly of the beauties of the Illinois valley, and the visitors enthusiastically agreed with him after viewing the scene from the country club veranda.

Congressman Hull and Milton Garges, chief of traffic, New York City, closed the program. Mr. Hull dwelt on the need and value of newspaper support in governmental achievement, and Mr. Garges traced the history and growth of The Associated Press service from its small beginning in 1842 to its vast system of today.

Officers elected for the ensuing year were:

M. W. Chandler, Chicago, president; Paul Miller, Alton, vice-president; J. L. Gorin, Chicago, secretary.

R. B. Williams, Bloomington, treasurer.

Board of directors: H. L. Clifford, Associated Press, Chicago; J. L. Pine, Western Union Telegraph company, Jacksonville; Curtis Bill, telegraph editor, Bloomington; Sam G. Hodges, American Telephone & Telegraph company, Peoria.

**DEATHS**

**Burnett.**  
The death of Master Harold Purton Burnett occurred at the family home in Beardstown at 8 p. m. Sunday, after an illness of two weeks from blood poisoning.

The deceased child was aged five years, six months and fifteen days, and is survived by his parents, Mr. and Mrs. Olie Burnett and one sister, Ruth.

The funeral is to be held this afternoon at 2 o'clock from the M. E. church at Franklin and burial will be made in the Franklin cemetery.

The Burnett family formerly resided in Franklin and the many friends of Mr. and Mrs. Burnett will be sorry to learn of their bereavement.

**LOCAL GIRL WINS PAINTING PRIZES**

Miss Helen Magill, daughter of Mr. and Mrs. Len Magill of this city has been awarded first prize on two paintings which she exhibited at the Illinois state fair. One of the paintings which won first prize at the state fair received a blue ribbon at the Morgan county fair. One of the water color displays is a bouquet of nasturtiums, painted from flowers gathered in a Jacksonville garden and the other is a copy of a magazine cover painting.

Miss Magill is studying art in the high school and has had no training other than in the regular school course, but will probably continue the study of art after finishing the high school course as she is much interested in the study.

**VISITING SISTER AND CHICAGO FRIENDS**

Mrs. Len G. Magill, of South Clay avenue, is making a short visit in Chicago with her sister, Mrs. Emil Carlson, having made the trip by auto with Mr. and Mrs. B. C. Roloff of Oak Park. Mr. Roloff, who is superintendent of the Illinois Social Hygiene society, had charge of an exhibit at the state fair and Mrs. Magill made the return trip with them, and will also visit at her home for a short time.

## FINAL RITES HELD FOR WINCHESTER CHILD

Hold Services for Little Leah Frances Coe Sunday—Coe Survived by Other Winchester News

Winchester, Sept. 22.—Funeral services for little Leah Frances Coe, were held at the Methodist church here on Sunday afternoon at 2 o'clock. The services were attended by a large number of relatives and friends.

Mrs. W. H. Kinison and Miss Martha Higgins opened the services by singing "Beautiful Isle," accompanied at the piano by Miss Winifred Pieper. Rev. Johnson of the Christian church offered prayer and read scripture and Rev. C. C. Nordling delivered a sermon and prayer. The impressive services were closed by the singing of a duet, "In the Garden."

The many beautiful flowers were cared for by Mildred and Alice Martin, Dorothy Smith, Mary Phears, Nellie Rousa, Hallie Hart and Maurine Southall.

The bearers were Harold Birk, William Balesley, P. D. Smith and George Cowhick.

Leah Frances Coe would have been four years old in October. She was a lovely child and she and her brother, Jack, were the admiration of many. Her two older sisters, Lucy and Maxine were devoted to her as were her parents and other relatives, who had always cared for the little ones. She will be greatly missed in the home, community and Sunday school.

Out of town people who attended the services are R. H. Coe, G. L. Coe and wife and J. H. Coe of Rochester, Mr. and Mrs. T. S. Coe and Mrs. Maude Coe and son of Springfield.

**Other News Notes**  
The literary and civics department of the Woman's club held their first open meeting at the public library Monday afternoon at 2:30 o'clock. After the usual business session Miss Jessie Griswold of White Hall gave a delightful address on "What I Saw in Egypt." This was followed by a social time and refreshments.

Cedric Gordon has returned home from St. Paul, Minn., where he attended the American Legion convention and enroute home visited in Chicago.

Mr. and Mrs. Walter Glossop returned Sunday night after a pleasant visit with their son, George of Tulsa, Okla., and son, Oscar of West Phalen.

Mr. and Mrs. Clyde Richardson and Mr. and Mrs. Robert Marshall and son, Ellsworth of Markham were Sunday visitors at the home of Mr. and Mrs. Thomas Kirkman.

Mrs. Vernon Waer and infant son of Hillview visited Mr. and Mrs. Roy Cohagen.

Mr. and Mrs. P. R. Nelson have returned home after a delightful visit in Chicago and Saginaw, Mich.

The many friends of Master Virgil Dolen will be glad to know that he was not seriously hurt Saturday but is able to be out again.

**BAD WEATHER INTERFERES WITH COMMUNITY PROGRAM**

The community day program which was scheduled for Sunday was postponed because of unfavorable weather. The event has been postponed for another week. If the program which is expected to be carried out next Sunday is well received, the affair will be repeated frequently.

Next Sunday's program will begin at 2:45 o'clock. The program will consist of a free band concert by the community band and speeches by Mayor E. E. Crabtree and Rev. G. E. Stickney.

**NOVEL USE FOUND FOR CHIROPRACTY**

J. Parker Doane came near losing one of his thoroughbred white Collie dogs, which he purchased for breeding purposes, recently when the dog was run over by an automobile, paralyzing it. At first it was thought that the dog would have to be killed but a local chiropractor was called and gave the animal an adjustment and the Collie is now on the rapid road to recovery.

The Athletic Association of the Illinois Woman's College entertained with its annual picnic at Nichols Park yesterday afternoon which was attended by over two hundred students.

Miss Hazel Moore, as president of the association, was in charge of the evening's program, which included the hike to the park about five o'clock and interesting entertainment of stunts and athletic contests. Miss Moore was

assisted by Miss Eleanor Grange, as chairman of the supper committee and the Athletic staff, with Alice Deasy, Jane Uhl, Martha Logan and Lucille Morris.

### Churches Plan Social For College Students

Thursday night will be social night at all the churches of the city, when socials in honor of the students of Jacksonville will take place at all of the various churches.

The occasion is given as a welcome to the out-of-town college students, and at every church, plans for a delightful evening's entertainment are being arranged.

### Y. W. Reception Given At Rammelkamp Home

The cabinet of the Y. W. C. A. of Illinois College entertained with an informal reception yesterday afternoon, at the home of Mrs. C. H. Rammelkamp, 310 Lockwood Place, in honor of the Y. W. members, and the faculty women of Illinois College. The occasion was planned as a means of getting better acquainted with the new students, and proved a delightful afternoon for all the guests.

The hours, from four to six o'clock, were pleasantly arranged to include informal entertainment, and the serving of light refreshments. Miss Glenna Smith, President of the Y. W. C. A. Association, was hostess of the afternoon, assisted by Miss Arleen Linder, chairman of the social committee, and Mrs. Rammelkamp.

### Enjoy Weiner Roast On Their Birthdays

Mrs. Sidney Jones and nephew, Ellsworth Scott, were very pleasantly surprised Monday afternoon at a weiner roast given in honor of their birthdays at Nichols park. The pleasant affair was arranged by Miss Amy Scott and the Misses Martha, Margaret and Roberta Jones.

## Menus for a Family

Breakfast—Fresh pears scrambled with bacon, corn bread, milk, coffee.

Luncheon—Spinach timbales, whole wheat bread and butter, sliced tomatoes, oatmeal cookies, cocoa, tea.

Dinner—Casserole of chicken, mashed potatoes, creamed lima beans, stuffed tomato salad, vanilla ice cream, sponge cake, milk, coffee.

With the exception of the stuffed tomato salad and the rich gravy over the chicken, a 4-year-old child may be given all the dishes suggested in the menus. He should not have the seeds of tomatoes and you may prefer to stew them and rub them through a puree strainer.

**Corn Bread**  
One cup corn meal, 4 tablespoons whole wheat flour, 1 teaspoon salt, 2 teaspoons brown sugar, 1 teaspoon soda, 2 cups sour milk, 2 eggs, 2 tablespoons butter.

Mix dry ingredients. Beat eggs until light in a bowl with a Dover beater. Add sour milk to dry ingredients and beat until smooth. Add eggs and pour mixture into a hot frying pan with bottom and sides well covered with butter. Bake half an hour in a hot oven.

**Spinach Timbales**  
Two cups cooked spinach, 2 eggs, 2 tablespoons milk, 1-2 teaspoon salt, 1-8 teaspoon pepper.

Chop spinach and season with salt and pepper. Beat eggs until light with milk. Combine mixtures and fill timbale cups two-thirds full of mixture. Set in a pan of hot water and bake 30 minutes in a moderate oven. Butter cups well before filling. Remove from molds and serve.

**Stuffed Tomato Salad**  
Four large smooth tomatoes, 2 cups cooked chopped corn, 2 tablespoons minced green pepper, 1-2 teaspoon onion juice, mayonnaise.

Peel tomatoes and scoop out seeds. Sprinkle inside with salt and let stand one hour on ice. Combine corn, pepper and onion juice with mayonnaise and fill tomatoes with mixture. Use enough mayonnaise to make the filling moist. Serve on lettuce leaves and mask the whole with mayonnaise. The corn and pepper can be combined with French dressing or a plain boiled dressing and mayonnaise used only as a garnish.

**Oatmeal Cookies**  
One cup oatmeal, 2 cups flour, 1 teaspoon salt, 1-2 cup sugar, 4 tablespoons butter, 1-2 cup milk, 2 teaspoons baking powder, 1 egg, 1-2 cup chopped raisins, 1 teaspoon cinnamon, 1-2 teaspoon vanilla.

Cream butter and sugar and add eggs well beaten. Mix raisins with flour, baking powder, cinnamon and salt and oatmeal. Add alternately with milk to first mixture. Spread on a buttered and floured cookie sheet and bake in a moderate oven. Cut in two-inch squares and spread on molding board to cool.

## W. E. WRIGHT RESIGNS POSITION AS P. M.

Murrayville Man Recently Appointed Resigns Because of Other Duties

Murrayville, Sept. 22.—Announcement has been made here of the resignation of Warren E. Wright, as postmaster of the town. Mr. Wright recently sent in his resignation and today received word from postal authorities that it had been accepted.

Mr. Wright was appointed postmaster of Murrayville by President Harding in May, 1922. Since that time however, he has found that other business duties do not allow for proper attention to the postal work, and because of this he asked to be relieved.

Miss Mildred Wright, sister of Mr. Wright has been appointed as acting postmaster by the postal department. Miss Wright has held a position in the local postoffice for a period of 10 years, being assistant to Mr. Wright during his term of office. Her work in the office has been carried on in an efficient manner, and patrons have ever been impressed with the courtesy and capability with which she served them. For many months the work of the office has been under her direction and her appointment by postal officials will no doubt meet with the approval of the majority of Murrayville citizens.

Miss Ruth Giller was a Sunday guest at the home of her parents in White Hall.

Miss Vivian Ruyle was a Sunday visitor in Roodhouse, at the home of her parents, Mr. and Mrs. Harry Ruyle.

## NEEDS OF GREECE CLEARLY OUTLINED

Dr. Edward Capps Heads American Organization for Relief Work—Practical Program Outlined

A number of Jacksonville people have received letters from "The American Friends of Greece, Inc.," an organization with offices at Washington, D. C., of which Dr. Edward Capps, so well known here, is the president.

The organization is for the purpose of giving aid to Greece and to the refugees of the Near East. Vice-presidents of the organization are Charles W. Eliot, John H. Finley and Henry J. Allen, and the secretary is Mitchell Carroll, editor of Art and Archaeology.

The letter from Dr. Capps in the following paragraphs explains something of the work which the society has undertaken:

**Constructive Plans**  
"The officers of this society beg you to give a moment's time to the enclosed appeal and, if you find yourself in sympathy with our aims as therein explained, to let us have the benefit of your support."

"Amid the many causes which we Americans are called upon to support, the pitiful case of Greece, harboring and trying to keep alive a stricken alien host of over a million refugees from Asia Minor, is in danger of being forgotten. Europe has known no single disaster like it for sheer tragedy visiting a non-combatant population. The survivors are chiefly women and children."

"We especially invite your attention to our plan of constructive relief in the employment of women in needle-work, lace making, etc. Money contributed to this fund will save distress and assist in the permanent rehabilitation of the workers and their families."

"We need a large organization of influential men and women as members. We also ask for contributions for immediate refugee relief. Thanks to our membership, and the devoted work of volunteers, we are able to send to Greece 100 percent of what ever is contributed for relief."

**Organization Aims**  
This organization is non-sectarian, and non-partisan, both in the United States and in its relations to Greece. Some of its aims are:

(1) To inform the American people of the true facts of the situation in Greece and act as a vehicle by which the individual feeling of friendship for the Greek people and sympathy for the refugees may be expressed.

(2) To co-operate with all existing charitable organizations that may desire to help the refugees in Greece either for the purpose of relieving their present distress or in their permanent rehabilitation.

(3) To raise a fund for the establishment of workshops in Greece where women and girls unable to earn a living otherwise may be employed in the production of native embroidery and handicraft, and it possible to find some similar work for men who by reason of age and physical condition cannot engage in hard labor. One hundred thousand dollars is needed for the establishment and operation of these workshops. Several thousand dollars have already been raised and transmitted to the organization's representative in Athens. Hundreds of women are now at work and shipments of their products are now being received and disposed of in the United States. The proceeds of the sale are being returned to Greece, so that the fund is a revolving fund and every dollar contributed will be used many times. Further contributions to this fund are urgently needed in order that the work may expand to provide for thousands of destitute women before the winter season comes to make their misery unbearable.

In the above aim the American Friends of Greece, Inc., desires your support and help.

**Membership Fees**  
Four classes of members are being enrolled:

(1) Sustaining members, dues \$100.  
(2) Contributing members, dues \$50.  
(3) Supporting members, dues \$25.  
(4) Active members, dues \$5.

The officers of this organization serve without pay and no paid organizers or promoters are employed. Expenses are kept down to the lowest possible point and the only source of revenue is from membership fees and voluntary contributions. All relief funds are sent to Greece in full, with no deduction for expenses, and disbursed there by us without expense.

## EARLIER DAYS AT PARK HOTEL RECALLED

Mrs. J. H. Danskin in interested in the wrecking of the Park hotel building from the fact that her father, Thomas Ireland, was proprietor of the house for the period from 1872 to 1876. Mrs. Danskin remembers that when she was a child that there were three saloons in the ground floor of the building, which were not a part of the hotel property. The period of the crusade was in the year 1872 and some of the devoted women of Jacksonville visited these saloons as well as others scattered so freely about the city, and used their best efforts to lessen the business done.

That was in the early day of the agitation for prohibition and with that memory so clearly fixed in her mind it is not surprising that Mrs. Danskin through her life has been interested in the wet and dry question. S. G. Chamley in rebuilding the structure will save two stones one at either side of the entrance to the old hotel, for Mrs. Danskin as mementoes of the day when her father was the landlord of the Park, at that time one of the best known hostleries in this part of Illinois.

SECRETARY TWEET OUTLINES "Y" WORK

Lays Plans For Future Y. M. C. A. Work in the City, Before Activities Committee Last Night.

Members of the activities committee of the Y. M. C. A. of this city met last night at the Peacock Inn. Arthur Tweet, secretary of the local organization was present and outlined work that the "Y" should carry out during the coming year. His outline of the work contained suggestions for organizing clubs among the boys and young men of the city which would be of benefit to them in the future.

Some of the things which Secretary Tweet suggested, that the committee felt that could be done was the inauguration of a news-boys club and an employed boys club. One of the objects of the organization of the latter club, would be to induce the boys who have dropped their school work to again take it up.

Another thing the activities committee thought advisable for the city was the organization of a Junior Hi Y club in the Junior High school of the city. Action will begin on this at once as Mr. Tweet will be at the Junior school this afternoon at 1:15 for the purpose of interesting the boys of that school in the work.

Other clubs which it is hoped may be organized are a public speaking club, among the young business men of the city, a salesmanship club, and a men's gospel team. Mr. Tweet told the committee that the association with which he was connected before coming to Jacksonville had organized these clubs with considerable success.

An important part of the meeting was had when it was decided that Jacksonville men would be invited to join, not because of the

privileges which they would enjoy but because of the good they might do. It is proposed to enroll a membership in the "Y" of Jacksonville to carry out the activities program. A membership meeting has been set for Monday, Oct. 13.

I. C. QUARTERLY TO BE ISSUED SOON

The October issue of the Illinois College Quarterly will be off the press, within the next two weeks, having been edited under the direction of Professor Henry Caldwell, editor-in-chief and C. Y. Rowe business manager. The issue will include a number of interesting articles in reference to the opening of College year, and many interesting alumni items.

Col. S. L. Brengle, D. D., will be the speaker at the chapel hour at Illinois College on Friday, September 26, when he will speak in reference to the revival campaign, which he is conducting under the auspices of the Salvation Army.

The students of Illinois College are anticipating with pleasure the church social night, which is planned for Thursday, September 25. Among the coming social events of interest is the college dance, which will be held in the gymnasium Saturday night, following the football game with Lincoln College that afternoon.

TO LAY WATER MAINS ON TWO MORE STREETS

City Council at Monday Session Reviewed Financial Figures For Past Nine Months—Letter From Norbury Sanatorium Gives Reasons For Joining In Petition For Mound Avenue Water Main.

The city council at the session held Monday night passed the ordinance providing for a water main on Edge Hill Road from Diamond to Gladstone streets and on North Diamond street from West North street to Lafayette avenue. It was a comparatively brief session of the council, although various matters of business were considered.

A communication was read from the Norbury Sanatorium Co., relative to the recent petition filed with the council for extension of water service on Mound avenue. Mayor Carbtree presided over the session with Aldermen Blasse, Chapin, Chumley, McGinnis and Sorrells present.

A summarized financial statement covering the first nine months of the year was in the hands of each alderman, showing the summarized figures for each department. The amounts budgeted and the expenses for each department were shown, together with the balances. This method of keeping all members of the council familiar with the financial status of the city has been followed by the administration with the purpose of keeping expenditures and receipts in the proper relationship.

The question of fire service in South Jacksonville was brought to attention and the fire committee is to work out a plan satisfactory to both the city and the village.

More Sidewalk Talk Alderman Chumley called attention to the fact that on South Mauvaisterre street where a number of new walks were laid in the past two years, one stretch is still unimproved. This is to be included in the list of streets where work on side walks will be advertised.

A similar instance on the east side of North Prairie street near the railroad was mentioned by Alderman Sorrells. Among visitors present was Marcus Hulett, who spoke of the great improvement in traffic conditions resulting from the ordinance now in effect. He said, however, that he believed that there was a tendency on the part of some citizens to grow lax with reference to observance of certain provisions.

An informal complaint came from some merchants west of West street on West State street and east of East street on E State street, because the owners of cars park them there for so many hours. The practice, no doubt followed thoughtlessly, is a great inconvenience to merchants in the areas mentioned, which are just outside the one hour parking limit space fixed in the ordinance.

The letter from the Norbury Sanatorium Co., with reference to the extension of water service for which a number of Mound avenue property owners have recently petitioned, was referred to the water committee and reads as follows:

Letter To Council To the Honorable Mayor and City Council, Jacksonville, Ill. Gentlemen:

I was most surprised at the reaction taken by your body upon the request made by the citizens of Mound Avenue, for the privilege to purchase water from the City of Jacksonville, and I feel that such a reaction can only be the result of your body not being acquainted with all of the facts.

We have asked for the privilege of buying water from you in order that we may have adequate fire protection for our industry. In order that you shall be acquainted with all of the facts, I am reviewing the history of our business in Jacksonville.

We came to your city ten years ago. We did not ask you to give us land or build us buildings. In fact, we asked for nothing. We are doing an annual business of \$180,000, 90 percent of which is brought from without the county and much of it without the State of Illinois. 85 percent of it is disbursed in the City of Jacksonville as pay roll or as direct disbursements to the merchants of this community.

This has been the policy of our institution since its inception, and at a cost many times of from five to eight percent more than we could purchase the same materials in the larger marketing centers. This we have done cheerfully because we believed in your city and wanted it to prosper.

When we were ready to erect a new building we had a number of bids, one of which was from out of town, as a check. Unfortunately for Jacksonville the out of town bid was the lowest. We had reserved the right to reject any and all bids and, rather than take this employment from the citizens of Jacksonville, we rejected all and built the building ourselves, employing local labor and a local superintendent.

As to taxation, a part of our business is located within the city of Jacksonville and upon this part of our business we pay city taxes but there are two kinds of taxes, one imposed upon us by the Government and the other imposed upon us by ourselves. We have imposed a tax upon ourselves.

There has been no movement in the city of Jacksonville which was for its betterment in which we have not taken part to the extent of assuming from one to three percent of the entire obligation. This we have either done

collectively as a firm or the stock-holders of this firm have done it individually. We have no regrets. On the other hand we have taken a pride in doing our share to the limit of our ability to the up-building of what we believed was our town and the hope that we were appreciated.

We have ample water for our domestic needs but we do not have ample water, under present conditions, for adequate fire protection. We have enlisted the help of other residents on Mound Avenue to lay a main at our own expense, connecting with your water supply. We have signified the willingness to discard our present water system and buy our abundant supply of water from your City in order that we may have the added fire protection. I believe if we were to come to you as a new firm, and would offer and could guarantee what we have voluntarily done during the past ten years you would not give us the privilege of buying what we want but would make us some concessions.

If your decision is final there is but one thing left for us to do, namely: to put up a steel tower tank, provide ourselves with forty thousands gallons of water from our own plant in reserve, and install a sprinkler system. Very truly yours,

The Norbury Sanatorium Co. By A. H. Doller, Vice-Pres.

PROGRESS REPORTED ON COUNTRY CLUB GROUNDS

Sowing of Grounds Will Take Place Today and Tomorrow—Clubhouse to be Finished by January 1.

Considerable progress was reported to have been made on the Jacksonville Country club grounds, at a meeting of the members of the Country Club Association which was held at the Chamber of Commerce rooms last night. The meeting was well attended and the board of directors were authorized to proceed at once with plans for the clubhouse. It is now expected that the clubhouse will be ready for use by the first of January, next.

All grading of the grounds has been completed and German bent stolens and fescue grass seed has arrived from Chicago and will be sown today and tomorrow. Workmen will hurry the sowing of the stolens on the greens since they cannot be left out of the ground more than 48 hours. They arrived in the city yesterday.

It was reported at the meeting that the quota of 150 members has been reached and it was also decided that the clubhouse and grounds could not accommodate a much larger membership but inasmuch as there were a number of Jacksonville citizens who had not been interviewed and who desired a membership, that an opportunity would be given them to join before the membership would be finally closed. It is thought that probably not more than 20 or 25 additional members can be accommodated.

HI Y CLUB TO HOLD FIRST MEETING TONIGHT

Clubs Activities For Coming Year to Start With Meeting at Baptist Church Tonight.

The members of the Hi-Y club will hold their first meeting of the year at the First Baptist church tonight. The meeting is called by Harold Hembrough who is president of the organization.

Yesterday afternoon at a rally meeting of the freshmen of the high school, Arthur Tweet, secretary of the local Y. M. C. A., spoke to the boys on what "High School will Mean to those who attend in the Future Years."

Secretary Tweet urged that every boy attend high school that he might be better fitted to make his way in the world.

Several freshmen applied for membership into the "Y" club at the meeting and after they have attended three meetings of the club, on probation, they will be admitted to membership.

At this evening's meeting President Hembrough will report on his two weeks camping trip to Camp Seymour. Other items of interest on the program will be the appointment of committees and an outline of the activities for the present year.

Secretary Tweet and Coach John L. Mitchell of the Jacksonville high school will have charge of the activities of the Hi-Y Club during the coming year. During the club's activities for the year the members will hold four meetings at each church starting with the Baptist church.

FORMER RESIDENT TO MARRY NEXT MONTH

Approaching Marriage of Charles A. Fiedler and Miss Viola Jokisch of Springfield is Announced.

The approaching marriage of Charles A. Fiedler a former resident of this city and more recently of Springfield and Miss Viola E. Jokisch of Springfield has been announced. The ceremony will take place about the middle of October in Springfield.

Mr. Fiedler has been in Springfield for the past several months as a member of the W. S. Cannon Produce Company of this city.

BIG SCOUT CONTEST TO OPEN NEXT WEEK

Inter-troop Efficiency Competition Arranged For Troops Of City and County—Publish Point Schedule.

The county-wide Efficiency Contest for Boy Scout troops will open Oct. 1 and will close January 1, according to announcement made yesterday from scout headquarters. A schedule of points and a code of rules have been compiled and will be distributed to the troops, so that an accurate record of scores may be kept.

All lines of troop and individual scout activity are included in the scoring of points. The rules define the various things for which points will be given, such as troop attendance, hikes, steps in scout advancement, etc. This is to be known as the Inter-Troop Efficiency contest, and all the troops in city and county are to be engaged in it.

The contest will close with a big scout field day, in which the various troops will be tested to find which is the champion troop in field activities. The winning troop will receive a shield as a permanent reward of its victory, and in the three months' contest is to be given some permanent work in the local council, viz: that each troop is soon to have a Mothers' auxiliary.

The following schedule of points for the inter-troop contest has been arranged by S. E. Albrecht, the local scout executive, the figures denoting the number of points for each item:

A. Attendance Each regular troop meeting with 50 per cent of troop present 5 points; Each regular troop meeting with 75 per cent of troop present, 10; Each regular troop meeting with 100 per cent of troop present, 20; Scout Master or authorized substitute present 10; meeting called to order and dismissed on time.

B. Out Door Activities Each day hike attended by 50 per cent of troop, 10; Each day hike attended by 75 per cent of troop, 20; Each day hike attended by 90 per cent of troop, 40; Each overnight hike attended by 25 per cent of troop, 10; Each overnight hike attended by 35 per cent of troop, 20; Each overnight hike attended by 50 per cent of troop, 40; Each troop committeeman attending a day hike, start to finish, 5; Each troop committeeman attending overnight hike, 10.

C. Advancement Twenty-five per cent of the troop advancing at least one step in the Scout craft program. (See law number 4) 10; For each scout becoming a life scout, 20; For each scout becoming a star scout, 40; For each scout becoming an Eagle scout, 50.

D. Service Enlisting, training and registering one recruit, 20.

E. Troop Inspection Troop will be inspected once each month by the Scout Commissioner or some one deputized by him. Ten points will be considered perfect.

F. Ceremonies Tenderfoot and Second Class Investiture Ceremony conducted on the first meeting night of each month, 20. No scout will be awarded badge of either rank except through this method.

G. Records and Reports Neatness of records (To be inspected at least once during the contest by the Scout Executive.) Points not to exceed five. Completeness of records, (same as above); Special award to the winning Scribe of the Council, 20; For each weekly report if complete and on time, 10; For each monthly Scout Master's report, if complete and on time, 10; Troop Scribe or Troop Messenger call at headquarters as per rule number eight 5.

H. Inter Troop Events Troop represented in Inter Troop contests, each event, 5; Attendance at county scout rallies, demonstrations, union meetings or get-togethers: 50 per cent troop present, 10; 75 per cent troop present, 20; 90 per cent troop present, 30.

Lancaster, Pa.—"After I was mar-

was weak and nervous. My sister-  
in-law told me to try Lydia E. Pink-  
ham's Vegetable Compound. My  
husband got me a bottle at once,  
and it did me so much good that I  
began to feel well and strong  
again and was able to do my housework up to the  
time my baby was born—a nice fat  
little girl in the best of health. I  
surely am recommending the Vege-  
table Compound to my friends when  
they have troubles like mine, and I  
am perfectly willing for you to use  
these facts as a testimonial."—Mrs.  
—Mrs. FRANK H. GRIMM, 533 Locust  
Street, Lancaster, Pa.

Women should heed such symp-  
toms as pains, backache, nervousness,  
a run-down condition and irregularity,  
as they indicate some form of female  
trouble. Lydia E. Pinkham's Vegeta-  
ble Compound is a dependable medi-  
cine for all these troubles. For sale

**FRESH PEACHES ARE  
POSSIBLE LONG TIME  
BY USING VARIETIES**

**Producing Period May  
Cover 100 Days in  
Normal Season**

Urbana, Ill. (AP)—Farmers  
and home orchard owners can  
have a succession of fresh peaches  
over a period of approximately  
100 days in normal seasons by  
making the proper selection of  
15 or 16 varieties, according to  
F. C. Carver, of the Horticultural  
department at the College of  
Agriculture, University of Illinois.  
Some of these varieties may not  
produce large quantities of fruit,  
but this can be more than over-  
come by choosing high quality  
varieties he pointed out.

The varieties which he recom-  
mends as their ripening dates  
as recorded here in 1921, include:  
Mayflower June 27 to July 4, a  
white-fleshed clingstone of poor  
quality and a moderate yield, but  
valuable because of its earliness.  
Early Wheeler, July 6 to 17,  
white fleshed cling of good size  
and unusual beauty, but only fair  
in quality; Greensboro, July  
10 to 20, a white-fleshed,  
semi-freestone of medium size  
with slightly better quality than  
early Wheeler; Carman, July 23  
to August 14, a white-fleshed at-  
tractive peach of good quality  
with stone that is almost free.

Hiley, August 11 to 25, a white  
freestone peach of fair to good  
quality which is large and at-  
tractive, but not productive or  
hardy enough for a commercial  
variety; St. John, Aug. 14 to 20,  
a yellow freestone of very good  
quality, but only moderately pro-  
ductive and adapted only to cer-  
tain soils and climates; Early  
Crawford, August 16 to 23, a  
large yellow-fleshed freestone of  
tent quality; Champion, Aug.  
17 to 23, the best of the white-  
fleshed, freestone peaches; Belle,  
or Belle of Georgia, Aug. 22 to  
31, a white, semi-freestone of  
good size and color which is fair  
to good in quality although not  
as good as Champion, Alton and  
some of the other white-fleshed  
peaches; Early Albertas, Aug. 23  
to 29, quite similar to the ordi-  
nary Albertas except as to ripen-  
ing dates; Ede, or Captain Ede,  
August 25 to 30, a yellow free-  
stone, of good ripening quality  
just before Elberta.

Elberta, Aug. 28 to Sept. 7,  
the standard market yellow free-  
stone peach, fair in quality; J. M.  
Eale, Aug. 28 to Sept. 8, also a  
standard yellow freestone peach  
of slightly better quality than El-  
berta; Heath, Sept. 9 to 17, a  
white-fleshed clingstone of good  
quality; Krummel, also known as  
Krummel October, Sept. 23 to  
Oct. 10, a yellow freestone peach  
of good quality, particularly in  
seasons favorable to proper ripen-  
ing.

Late Crawford is the best of  
the Crawford group of peaches  
and one that should be in the  
home orchard. It comes into  
bearing late and is somewhat un-  
productive but is of excellent  
quality.

**IRISH PEOPLE TOLD  
"BETTER STAY HOME"**

Dublin, (AP)—There are ur-  
gent appeals in the Dublin press  
against the renewal of emigra-  
tion to America. The Independent  
says: "We were frequently  
assured in the past that had Ire-  
land control of her own affairs  
emigration would cease. But  
though the British have departed  
the country is still being drained  
of its young men and women."

In the past two months the  
American consul has received 5-  
000 applications for emigra-  
tion visas, and the Free State quota  
soon will be exhausted. The ap-  
plicants are mostly from the  
country districts.

Judge Cohalan of New York,  
who has lately been in Ireland,  
has advised young Irish men and  
women to seek a career in their  
own country rather than go to  
the United States or Canada.

It is pointed out that large  
numbers of skilled British arti-  
sans, failing to get employment in  
America, are returning to Great  
Britain in a steady stream, and  
that the prospects for Irish un-  
skilled laborers are extremely un-  
favorable.

**DIPHTHERIA AND  
TOXIN-ANTITOXIN**

Not a single person protected  
by toxin-antitoxin has died of  
diphtheria in Boston this year.  
The August bulletin of the Bos-  
ton Health Department states  
that 116 deaths have occurred,  
but not one of the victims had  
toxin. Besides these deaths there  
have been reported over 4500  
cases of diphtheria in Boston  
since December, 1922, and not a  
single patient had been immu-  
nized.

This record is quite noteworthy  
and deserves the attention of all  
parents in Jacksonville and Mor-  
gan County.

The wise course will be to have  
all small children immunized, all  
larger children Schick tested and  
all reactors immunized by the  
administration of toxin-antitoxin.

## SENATORS EASILY DEFEAT WHITE SOX

Walter Johnson Wins His Thirteenth Consecutive Game  
Peck Has Perfect Day—Final Score 8 to 3.

CHICAGO, Sept. 23.—Washington drove Mike Cuyegros off the mound today and easily defeated Chicago 8 to 3, retaining their two game margin over the Yankees, who defeated Cleveland.

Walter Johnson faced the locals and had little trouble holding the Evansmen. It was the 13th consecutive game won by the Senators ace. He also fanned five men giving him a season's total of 154 and a life time mark of 3,226.

Harris started the league leaders to victory when he singled to left. Cuyegros was unable to stop the attack and retired after Bluege had sent his club ahead with a double which scored two runs. Johnson was given sensational support by the work of McNeely in the center and Manager Harris at second base being out standing. Peck led the batting attack for the Senators with four hits, while Sam Rice ran his string of safe hitting in consecutive games to 29.

## MILWAUKEE GIANTS MEET INDEES SUNDAY

The game Sunday between the Roodhouse Nationals and the Jacksonville Indees at South Side Park, did not materialize, as it was found that the diamond was in a very bad condition following the rain, and further as there were practically no spectators present to witness the game. The majority of the public were not among the disappointed, as there were altogether, not more than forty or fifty in the grounds.

The game with the Paris Cleaners for next Sunday has been called off by Manager Smith and in their stead the Milwaukee Colored Giants, who finished their regular schedule on Labor Day, and have since been playing thru out the state will be the attraction. They are rated as a fast aggregation and there is always plenty of interesting situations when a colored team plays here.

Following the game next Sunday, which virtually closes the Indees season, the locals will meet the St. Louis Cardinals, in an exhibition game on October 1st, and it will then be curtains for baseball in Jacksonville till the gentle breezes of spring begin to blow.

## TROOP SEVEN TO GET NEW LEADER

H. L. Smeltzer has been chosen as the new scout master of Troop Seven, to succeed J. L. Read, who has left the city. The selection was made at a meeting of the troop committee held yesterday morning. The troop is connected with Grace M. E. church and its meetings are held there. Mr. Smeltzer was a successful scout master in Springfield for a number of years, and his experience gained there will be helpful to the local scouts.

The new scout master will take official charge of the troop at a meeting next Friday evening. Every member is urged to be present and the parents of the boys are cordially invited to attend the meeting.

## ZACH WHEAT'S DOUBLE GIVES DODGERS GAME

Hit to Right Center in Twelfth Inning Scores Mitchell Giving Them Game Over Cubs by Score of 2 to 1

BROOKLYN, N. Y., Sept. 22.—Zach Wheat's double to right center in the 12th inning scoring Mitchell from first gave Brooklyn a 2 to 1 verdict over Chicago in the opening game of the series here today. Bill Doak twirling for the Dodgers allowed but five safe hits and turned in his tenth consecutive victory.

The Dodgers gained half a game on the Giants by winning today while the New York club was idle because of rain.

It was a pitchers' battle all the way between Doak and Aldridge, the latter weakening in the final inning and allowing two successive hits which resulted in a Brooklyn victory. The Cubs scored their lone run in the second inning on a base on balls and consecutive singles by Grigsby and Hartnett.

The Dodgers scored their first run in the third inning on Grantham's error. Stock's pass and High's single. The winning run came with one out in the twelfth. High grounded out, Mitchell singled to center and scored a moment later on Wheat's stinging double to right center.

## JIM McMILLEN MAY MEET STRANGLER LEWIS

Urbana, Ill., Sept. 22.—Jim McMillen, all-American guard and captain of the Illinois football team last season, will wrestle with Strangler Lewis, world's heavyweight champion here October 17, if plans of promoters go thru. According to the promoters, the match was set for last year, but McMillen refused the chance until he was out of school. The date planned is the night before the home-coming football game when Illinois meets Michigan, in the Illinois stadium.

## YANKEES TAKE FIRST GAME FROM INDIANS

Bush Outpitches Coveleskie—Pipp's Batting Feature of Contest—Final Score 10 to 4

CLEVELAND, O., Sept. 22.—New York took the first game of the series from Cleveland, 10 to 4, staging a five run rally in the ninth.

Joe Bush outpitched Coveleskie, holding the Indians to seven hits and striking out six.

Pipp's batting was a great factor in the result. In the third inning, his double placed Ruth in a position to score on an infield out. His trips in the seventh scored Dugan while his double in the ninth drove in three runs.

A Texas leaguer single by Bengough in the second inning accounted for two runs.

Bush was practically invincible except in the third when Cleveland scored three runs on two passes, two singles and an error.

## ELKS ANNUAL GOLF TOURNAMENT PLANNED

Qualifying Rounds Must be Played Before Next Monday—Trophy Cup to Go to Winner in Finals of First Flight.

The committee appointed to arrange for the Elks annual golf tournament met Monday evening at the club rooms and it was decided to have an 18 hole medal play for the qualifying round.

The qualifying round is to be played before Monday September 29th, and all scores shall be reported to the secretary at the club rooms, the scores to be posted on the club room bulletin board. The players will then be arranged in flights, according to the scores turned in. Those qualifying for the first flight will play for the cup trophy which was presented by the lodge a year ago, and which was won last year by J. W. Hubble. All club members are urged to get out early and play their qualifying round, as all cards must be in the hands of the secretary before next Monday.

About seventy-five of the club members are golf enthusiasts among them being many of the city's best players. Aside from the cup trophy for the winner of the first flight, suitable prizes will be given to winners in each of the other flights.

## FRANKLIN HIGH PLAYS WINCHESTER SATURDAY

The Franklin Community high school football team are due to tackle Winchester High at Winchester next Saturday and in spite of their being but five letter men on the squad this year, and the handicap brought about by several injuries last Saturday when Scottville was defeated 13 to 0, the boys are going with a determination to win if possible although Winchester is reported to have a strong squad this year.

Coach Knoepfel is working hard in an effort to thoroughly break in the new men on the team and several are showing considerable promise. The letter men from last year's squad are: Ted, Capt. Baker, Hocking, Tannahill and Sinclair.

The 1924 schedule of games for Franklin follows:  
October 4—Waverly at Franklin.  
October 11—Virginia at Franklin.

October 11 — Virginia at Franklin.  
October 17 — Modesto at Franklin.  
October 25—Routt High at Jacksonville.  
November 1—Winchester at Franklin.  
November 8—Virginia at Virginia.

## HARMON UMPIRES CLOSE BALL GAME

R. E. Harmon returned to Jacksonville Monday from Mendon, where he umpired the Sunday game between Mendon and Keokuk of the Illinois League, the game going ten innings for a score of 2 to 0. At the end of the ninth neither side had been able to score. Keokuk is managed by Frank Belt, a former Jacksonville resident and manager of the Jacksonville team in the old Central association.

Coch Harmon has been selected to officiate in the Winchester-Franklin football game at Winchester next Saturday.

## HURDLE CHAMP IN GRID TOGS

URBANA, Ill.—Dan Kinsey, Olympic high hurdle winner, part holder of the world's indoor record in the 75 high hurdles, varsity halfback on Bob Zuppke's 1924 eleven.

This is the hope of a black-haired, serious athlete from St. Louis. Dan has been out for varsity football practice every day since the season opened and has plenty to do. He has not yet seen service with the first or second squads, which are composed mostly of veterans of university football experience, but he may reach there if he sticks. The fact that he is a senior is, however, against him.

Kinsey was unknown to the sporting world in 1923 when he suddenly jumped into prominence by tying the world's indoor record in the 75 yard high hurdles in the 1924 Illinois Relay Carnival. His performance in the stadium in Paris last July is now history and Daniel is out seeking new fields to conquer.

Dan was developed by J. H. Castleman who also produced "Pitch" Johnson, Illinois track captain last year, and no slouch himself as a hurdler. McKinley High school in St. Louis was the school where Kinsey first gained prominence. Here, by the way, was the place where J. P. Nicholson, former holder of the world's record in the high hurdles and Loren Murchison, Newark A. C. bright light, gained their first track knowledge and were also under the tutelage of Castleman. Besides starring in track at McKinley also played fullback on the football team, center on the basketball five, first base on the baseball team, was captain of the basketball team. During his three years of competition at the St. Louis school he won ten major letters.

Dan thus far appears a bit strange in his football togs and a bit awkward in getting used to handling the pigskin. He is fast as lightning, however, and this has helped him overcome his newness to fast football.

## BROOKLYN WITHIN ONE POINT OF TOP

Wins From Chicago White Giants and Pirates are Idle—Senators Retain their Two Game Lead Over Yankees.

NEW YORK, Sept. 22.—Brooklyn, by winning from Chicago today 2 to 1 in 12 innings advanced to within one point of the Giants, whose game with Pittsburgh, one and one half contests back of the two leaders, was postponed by rain.

Washington retained its two game advantage in the American League over New York as Walter Johnson won his 13th straight game by defeating Chicago 8 to 3. The Yankees won from Cleveland 10 to 4 and Detroit dropped out of the race as they cannot win now even by taking all of their four contests if Washington loses its six.

The Senators can now clinch the pennant by winning five of their six games or tie by winning four even though the Yankees take their remaining six. Pittsburgh by winning all of its eight games, can finish ahead of New York and Brooklyn.

**NEW YORK**, Sept. 22.—Price  
movements in today's stock mar-  
ket took on uniformly bullish  
demonstrations in the public util-  
ities and specialties, being coun-  
teracted by the heaviness of a  
number of standard industrials  
and rails. Business was in mod-  
erate volume, the day's sales ag-  
gregating about three quarters  
of a million shares.

Twenty five issues attained new  
peak prices for the year including  
Consolidated Gas, Standard Gas  
and Electric, People Gas, Amer-  
ican Tobacco and Liggett & Myers  
issues, National Biscuit and Pack-  
ard Motor common and preferred.  
Oil shares showed a temporary  
display of strength on the an-  
nouncement of higher prices for  
heavy Smackover Crude, the first  
favorable market development in  
the oil industry in some time. U.  
S. Steel, Baldwin and Studebaker  
all closed fractionally lower on a  
relatively small volume of trad-  
ing. American Can, the most ac-  
tive member of the "big four"  
touched 130 in the early trading  
and then fell back to 127, off  
18.

Most of the high grade rails  
lost ground, altho Missouri Pacific  
preferred Southern Railway  
preferred and Kansas City South-  
ern preferred broke thru their  
previous high levels.

**CHICAGO BUTTER**  
**MARKET.**

**CHICAGO**, Sept. 22.—The but-  
ter market today was weak, un-  
settled and in the buyers' favor.  
Supplies quiet liberal and freely  
offered with concessions available  
in some quarters in medium and  
lower grades. Buyers showed no  
interest beyond immediate bare  
necessities and trade was dull.  
The centralized cars shared in  
the weakness and operators found  
it much easier to buy cars than  
sell them at prices listed. Buyers  
expressed no confidence and  
practically no business was re-  
ported.

## Grace Church Doings

The Sunday school was given a tremendous impetus by the opening of the colleges, as there were present one hundred and forty in the college class. This class is to be taught by Mrs. Lewis this year and plans are being developed for a program of unusual interest and profit. During the devotional period Mr. Hyde rendered a trombone solo that was especially well received. There were present in the school 424 and an offering of \$15.38 was taken.

At 10:45 the pastor used as a subject "The Second Mile" appealing to the members of the church to be always looking ahead to the great field of opportunity and service that presents itself at the opening of another conference year.

The Intermediate and Senior Leagues met at 6:30 with large enthusiastic attendance of young people. At 7:30 in the presence of a splendid audience the pastor gave a heart to heart talk to students, that was applicable to others as well. The quartette made their first appearance and their efforts were appreciated.

The Pastor's Ait will sew all day on Wednesday at the church. The regular mid-week prayer service at 7:30, you will enjoy this service.

Thursday evening the Epworth League will give a social to the students of all the schools and colleges of the city. All students are invited to this get acquainted social.

The Promotion Day exercises of the Sunday school will be held next Sunday at 10:45, a program of unusual interest is being prepared to which all are invited, especially parents of the children of the school.

The Men's Bible class taught by Mr. J. J. Reeve has announced for the evening of October 3 the third Homecoming to be held in the parlors of the church for the members and friends of the church. Members are urged to invite all methodists recently moving to the city, so that the church may get acquainted with all such people at once. The success of the meeting depends upon the co-operation of the members.
